

Welcome to our latest newsletter!

We are pleased to announce that surveys are currently being completed. We have posted letters to residents on the Victorian Electoral Roll in the following communities:

**Kinglake, Kinglake Central, Pheasant Creek, Kinglake West, Mudgegonga, Dederang, Kancoona, Bruarong, Glen Creek, Gundowring, Running Creek, Rosewhite, Callignee, Koornalla, and Axedale.**

And the rest of the communities (below) will receive their invitation letters in the next few weeks:

**Marysville, Buxton, Taggerty, Narbethong, Granton, Dixons Creek, Steels Creek, Tallarook, Eildon**

We would just like to remind everyone who receives an invitation letter of the importance of completion. We need as many people as possible to complete these surveys to obtain an understanding of your community and to make the findings useful and relevant for your community.

We would love everyone from the above communities to be involved – adults, secondary school aged children and primary school aged children. If you live in one of the communities listed above or if you did live there in 2009, please email: [info-beyondbushfires@unimelb.edu.au](mailto:info-beyondbushfires@unimelb.edu.au) to become involved.

If you would like to complete your survey online and didn't receive a username and password, please call 1800 020 727.

In the last few weeks we have visited Kinglake Health and Wellbeing Expo; Koornalla Monument Site Working Bee, and the Marysville community. Additionally, we attended the launch of the Firefoxes documentary (you can watch it here: <http://firefoxes.org.au/>) and participated in the "Emergency Management Planning for Children and Young People Workshop".

These visits greatly assist the study team to develop insights into the ongoing efforts of community members to support long term recovery, as well as the issues still faced by many. If you are involved in any community events or groups that you would like us to visit please email Elyse at [info-beyondbushfires@unimelb.edu.au](mailto:info-beyondbushfires@unimelb.edu.au)

Thank you in advance for your participation.
